Water District

Spring runoff has begun. During April and May, we will begin to see a bit of discoloration in the water we draw from the river. This is called turbidity, and comes from the water running through a pine forest and is normal for this time of year in most mountain towns. The discolored water is safe to use and meets all Health-Department standards.

Next Board meeting is scheduled for **Wednesday, April 22nd at 7:00 pm**. The meeting venue has yet to be determined. To be included on the next agenda, call Gabi at 823-5345. Please visit our website at www.pswd.com to view the District's Rules & Regulations and other interesting information.

Pinewood Springs Community Church

Hello Pinewood Springs community. I do hope this finds all our friends and neighbors doing well as they stay at home during these different and difficult times. As you are aware, Larimer County has us all under stay at home orders until April 17th. This has caused us to postpone our highway clean-up that was scheduled for April 4th. It also means we will not be able to host our yearly Easter Egg Breakfast or our Easter service. Many churches are recording or streaming their sermons and music. I encourage everyone to enjoy a service in the comfort of their home (and maybe pajamas!). Please know that Pinewood Springs Community church is still committed to you. If you have needs, please feel free to call the church (303-823-6272) or email Linda (lswismom@gmail.com) with any requests and we will get back to you.
