

# **Pinewood Springs Newsletter - January 2015**

## **Road Board**

Some winter reminders from the PWS Road Board: 1) There are sand barrels located at intersections and hills where traction is a frequent problem. The sand is there for you to spread on the roads as needed for traction. There is a scoop in each barrel. If you have a shovel you can leave at a barrel, your neighbors will appreciate it. If a barrel is getting low on sand, please leave a message on the Road Board answering service at the number shown below. 2) Do not park on the PWS roads. The Cherry Company will allow you to park on their lot at the end towards the mailboxes. The road crew plows that area for your use. 3) Keep cul-de-sacs clear of vehicles so we can clear the snow and to provide access for emergency vehicles. Thank you for your cooperation.

Because of the work load that remains from the flood the road board is going back to meeting every month on the first Tuesday at 7:00 PM in the Firehouse. Please enter through the back door. Next meetings are January 6<sup>th</sup> and February 3<sup>rd</sup>.

As always, please report any road problems or requests to the Road Board message service, 303-**895-3848**.

## **Water District**

Our Water Superintendent Carl Pender is retiring and moving on to calmer waters. The District has been advertising for new employees and has conducted 1 interview to date. We would like to express our gratitude to Carl for the 12 years he has dedicated to our water system and for all his hard work during the flood recovery process. The District is looking for an operator with a class B Water Operators license and a utility worker that can repair leaks and maintain the distribution system. We are also looking for several local part time on call workers that can help with leak repair.

To be included on the agenda for the next Water Board meeting on January 28<sup>th</sup>, call Gabi at 823-5345 or email at [pswdadmin@att.net](mailto:pswdadmin@att.net)

## **Fire District**

Roads are going through daytime thaws and evening freezes. Most Pinewood and Estes Park Estates roads will be slick and US 36 will have dangerous areas at shady curves. Be mindful of air temperatures and of the effect they are having on the roads.

If you heat with wood, check your chimney for buildup on a regular basis. Cleaning heavily used chimneys only once or twice per season may not be adequate to prevent creosote fires that can quickly progress into structure fires. Inspect and clean your chimneys as often as needed or employ a chimney cleaning professional for the task.

Next Fire Board of Directors meeting is scheduled for Wednesday, January 14th, 7:00 pm at the Fire Station Community meeting room.

## **PSPOA**

Next PSPOA Board of Directors meeting is Wednesday, January 21<sup>st</sup>, 7:00 pm at the Fire Station Community meeting room.

## **Pinewood Springs Community Church News**

Thanks to all who joined us for our Christmas Eve service. Praying your Christmas was truly blessed and that 2015 brings even more blessings your way.

Rev. Nancy D'Ippolito will be our guest pastor for the month of January. Adult Bible study is at 9am. Join us as we study the Gospel of John. Worship is at 10am followed by refreshments in Fellowship Hall.

Our Congregational Meeting for members will be January 25th immediately following the service. Your participation is encouraged. We hope to see you soon!
